April 2021

1 Introduction

First i am sorry to upload lately inseed of i upload could not complate all questions because of i tried to read file with C first i found a code from internet to read csv file but i realized that it is not recording data to array truly so i changed my language from c to c ++ which caused started me again and i completed lately

2 Conclusion and question 18:

From my obs. pandemic is getting worse. Since my observations the number of cases has increased over time for example:

Africa 2020-02-14 cases 1

Africa 2021-04-23 cases 4487054

number of new_{cases}_s*smoothedincreasedovertime*

Afghanistan : 2020 – 03 – 05new_{cases}0.429

*Afghanistan*2020 – 05 – 17new_{cases}323.143
